

GREETINGS TO ALL,

I would like to share with you this exciting and pivotal point in my life as I take steps to become an exchange student. Since I believe that the only way to work toward a world wide understanding is to experience other peoples and cultures, I feel that being an AFS year long exchange student is the best way for me to make an impact. As I continue to learn more about this possibility, I see clearly that I have always been destined to venture down this path. In order to make my dream a reality, I hope that you will consider participating in the sponsorship of my journey. Though I am filled with apprehension about leaving my family and all that I know behind, I know that the promise of a life changed through personal growth, and the people and adventures that await me, will forever influence my life choices. As those who have effected my life in many ways, I appreciate your prayers and support as I embark on my journey to the Czech Republic.

Thank you for your support.

Hannah M.
